In this lesson, you will learn new vocabulary by looking at some of the things or activities that people love/like to do in its free time. For each hobby or interest, you will first read a brief definition and then study a series of examples (words and pictures). There will be exercises after the study phase.

Talking about **hobbies** you certainly remember some examples:

watching TV, going to the cinema, going out with friends, playing a musical instrument, listening to music and reading, going out with friends, etc.

Here is the explanation how to become a **good gardener!**
